AZ ROC #310300

PROJECT DESCRIPTION

A strong monsoon storm rolled through Tucson Arizona, causing power outages and severe property damage. Two large eucalyptus trees heavily damaged 21 apartment units at the Woodridge Apartment Community. Working with ownership and the Property Management Company, All Pro Restoration was tasked with designing, implementing and rebuilding the units. To ensure Ownership did not lose rental market share to local competition, All Pro Restoration moved quickly to repair all damaged units within three months.

LOCATION: TUCSON

Dwelling Type: Multi-Family
Damage: Monsoon-Heavy Wind
Timeline: 97 Days

SCOPE OF WORK:

(13,650 SF Rebuild)
Multi-Family/Commercial
Full reframe, 21 apartment units
Full electrical replacement
Full plumbing replacement
Granite Countertops
Shaker Espresso Cabinetry
Upgraded flooring

Sean and Wil from All Pro did a significant restoration job for me. Two of my apartment buildings were substantially damaged by a wind storm. They came in with a comprehensive bid that covered everything, coordinated with my insurance adjuster and my on-site manager, and, most importantly, did everything (and more) on time, and on budget. When they found unforeseeable issues, they dealt with them quickly and professionally. I would not hesitate to recommend them, and, if necessary, to use them again.
